A FEW PROJECTS

Visit Columbus GA — *Developer*

Developed two major redesigns of this large informational website with lots of images, videos, and maps for the Columbus Convention & Visitors Bureau built on the Expression Engine CMS.

<https://visitcolumbusga.com/>

MACOA — *Designer & Developer*

Planned and re-designed the website from the ground up utilizing the Squarespace Developer platform to make a bespoke template based on the client's needs.

<https://www.macoa.org/>

Standard Exterior Solutions — *Developer*

Informational website for a commercial client with video and motion built on the Expression Engine CMS.

<https://standardexteriorsolutions.com/>

Alabama Driving Academy — *Developer & Designer*

Simple one page site for a client with a limited budget utilizing a squarespace template.

<https://aladrive.com/>

Capitol VR — *Developer & Designer*

In Progress — A 360 Tour of the Alabama State Capitol Rotunda built with A-Frame

<https://stamp-ideas.github.io/Capitol-VR/>

Poppy Games — *Developer & Designer*

Simple website with nice motion for a kickstarter project with css animations.

Shawn Tritz

Visual Design Manager, Avande
sptritz@gmail.com
334-220-3300

As the former interactive director at LWT and Stamp, Shawn was my direct supervisor and head of the web department. He trained me in the company's process and procedures while encouraging me to improve my own development practices. Shawn would challenge me with interesting designs to test my development skills.

Charles Miles

Owner, Miles Computing
Services
charles.miles@gmail.com
334-312-0692

I met Charles through volunteering at MACOA (Montgomery Area Council on Aging), and since then he has contracted me to help him with various clients doing both general IT work and website design, development, and maintenance.

Traci Herndon

Volunteer Coordinator,
Montgomery Area Council on
Aging
therndon@macoa.org
334-399-6862

Being the Volunteer Coordinator, Traci is familiar with my Meals on Wheels volunteering, but also has worked with me professionally on the re-design of their website as well as assistance in designing MACOA publications.

Alex Trott

Graphic Designer, Southern
Poverty Law Center
atrott88@gmail.com
334-549-0964

As a former co-worker at Stamp and friend, Alex and I have collaborated on multiple projects both professional and personal.

Colin Campbell

Digital Platforms Specialist,
Learning for Justice

atrott88@gmail.com

334-549-0964

Former co-worker at Stamp as the Interactive Project Coordinator I worked closely with Colin to manage timelines and correspond with clients.
